# Geography Fieldwork in Spain

**Barcelona Field Studies Centre** offers fully inclusive Geography, Biology, Environmental, Geology and Tourism field study programmes to schools and colleges throughout the year.

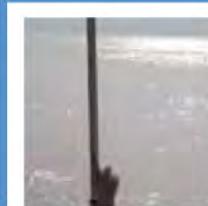

A wide range of physical and human field study locations, unrivalled in Europe, can be found in Barcelona and the surrounding area.

- Taught or Assisted courses
- Highly experienced staff
- Equipment and materials provided
- Syllabus-specific courses
- Online booking and support
- A wide variety of cultural activities
- Free teacher places

## Our Tour Prices Include:

- A programme of geography field study visits and sightseeing/recreational activities as required
- Coach transportation for your planned programme of visits
- Full board or half board accommodation
- Free supervisory staff places
- Financial Protection through our Catalan Travel Agency bonding
- Safety Management Systems
- Highly competitive prices

**Accommodation** is provided in a selected quality 2 or 3 star hotel, in one of several resorts along the Catalonian coastline, including Sitges and Calafell.

Your accommodation provides a comfortable base from which to explore the surrounding areas.

Full board or half board can be included.

Groups have a choice of travel to Barcelona by overnight executive coach or by air.

## Study options include:

- Coastal management
- Ecosystems
- Glacial landscapes
- Hazard management
- Mediterranean wetlands
- River processes
- Rural rebranding
- Sustainable development
- Tourist growth and impact
- Urban management and change
- Volcanic landscapes
