

Muntanyans II – view to the north

1. Annotate the above image with these labels:

Abandoned land	Abandoned buildings	Wetland vegetation	Area liable to flood	Flood channel	Arable	Pasture	Woodland	Road	Urbanisation
----------------	---------------------	--------------------	----------------------	---------------	--------	---------	----------	------	--------------

Muntanyans Flash flooding May 2008

Same location at Muntanyans after the May 2008 flood

2. How has the flood risk identified in the images above affected land use in the area north of Muntanyans II?
